Solutions for Music Educators

1. School Ensemble Recording

- 1.1. Use stereo condenser microphones
- 1.2. Recording directly to a computer gives best quality and easiest file management
- 1.3. Distribute and fundraise with Nimbit.com
- 1.4 Record everything!

2. Student Practice

- 2.1. Students must listen to themselves
- 2.2. Make practicing more fun and engaging
- 2.3. Free tutorials at: musiced.presonus.com/stepup

3. Music Technology Courses

- 3.1. Teach music, not technology
- 3.2. Ensure components work together
- 3.3. Free resources at: musiced.presonus.com/musiccreation

4. Audio Systems

- 4.1. Invest equally in signal path
- 4.2. Free tutorials at: musiced.presonus.com/fieldaudio

5. The iPad

- 5.1. How does this resource allow me to teach music?
- 5.2. How does this resource prepare students for real world experiences?
- 5.3. Is it developmentally appropriate?

6. Advocating for Technology

- 6.1. Technology Budgets
- 6.2. STEAM
- 6.3. Digital Literacy
- 6.4. Assessment
