## About our Campuses

### Cedar Park Middle School - Britni Hummel

- CCC campus with about 1300 students on campus
- We have 6th-8th grade students we see them everyday
- We average 300 students in band with about 130 beginners
- Our 6th grade classes are homogenous
- We have three concert ensembles
- We have 3 100% feeders with about 5-7 elementaries that feed us total but we are a single feeder to CPHS which is a 5A so this topic of keeping kids is super important for us!

### Westbrook Intermediate - Jane Janda Maloy

- CCC campus with a little over 1200 students.
- ½ of the school is a GT magnet campus called "WAVE"
- 6th-8th graders and we teach all of our beginners every day.
- The past two years we've averaged around 275 in band
- Take 3 bands to contest
- We have 2 pure elementary feeders with a mix of 4-5 others.
- We feed into two 6A high schools.

"whether it's 100 or 300 kids, we just want to KEEP them in band"
